

Short-term car leasing

Customer Journey

Request our current vehicle tariffs at the bottom of our short-term car leasing page and book your phone call in our diary with one of our vehicle experts

Let us know which vehicle or vehicles you are interested in, we can then let you know which colours are available and an estimated delivery date (our usual rule of thumb is 2-3 weeks) We'll send over an order form confirming your new cars details

Once you've returned the confirmation of order we will schedule a call with our accounts team to organise your first payment

We will keep you informed every step of the way. You can expect a call 5-7 days before your estimated delivery date to organise your first months payment and set up a direct debit. (If you have any questions in the meantime – We are always available)

Collection/Delivery of your brand new car. We will need a master hire and rental agreement document signed and a copy of your fully comprehensive insurance (You can find examples of these on our website)

Enjoy your new vehicle! We'll be in touch regularly and on the end of the phone if you need us
